

Get A Head Start On College!

Are you a university-bound student who wants to get the most out of your high school years?

If so, Westwind Prep has excellent options

🕒 **Take community college courses on our campus.** Westwind offers fantastic college courses through Phoenix Community College. The courses are foundation courses that are needed for most degree programs.

English 101 & 102, College Algebra, Humanities class, Social Behavioral class, and Spanish 101, are just some of the courses you will have to choose from... Students also receive both college credit and credit toward their high school diploma! The best part is that Westwind pays for the classes and books.

Prerequisites: Students must take a Maricopa college placement test and must have current grades of 'C' or better. Students must also pay a good faith refundable deposit of \$25.

Students are welcome to take as many college classes as their schedules and credits allow. Any student who receives a D or F in their college class however will no longer be able to participate in future courses unless they repay for the class with the low grade. If a student drops out of school or is expelled they will be billed by Phoenix College for the balance owed. Students will also be billed for books that are not returned by the end of the semester.
